EDUCATION

H.S.D., Department of Applied Health Science, Indiana University, Bloomington, Indiana, 1988.
Earned Certificate of Public Management from the School of Public and Environmental Affairs
at Indiana University.

M.S., Health and Safety Education, Indiana State University, Terre Haute, Indiana, August,
1981.

B.S., Eastern Illinois University, Charleston, Illinois, May, 1978.

PROFESSIONAL EXPERIENCE

Department Head, Department of Health Promotion and Behavior, University of Georgia,
Athens, Georgia, 2003 to present.

Co-Director, Workplace Health Group, Department of Health Promotion and Behavior,
University of Georgia, Athens, Georgia, 2000 to present.

Coordinator of Graduate Programs in the Department of Health Promotion and Behavior,
University of Georgia, Athens, Georgia, 1997 to 2004.

Associate Professor in the Department of Health Promotion and Behavior, University of Georgia,
Athens, Georgia, 1993 to present.

Visiting Scientist in Office of the Associate Director for HIV/AIDS, Centers for Disease Control
and Prevention, 1992-95.

Assistant Professor in Department of Health Promotion and Behavior, University of Georgia,
Athens, Georgia, 1987 to 1993.

Associate Instructor in Department of Applied Health Science, Indiana University, Bloomington,
Indiana, 1983 to 1987.

Instructor in the Health and Safety Department at Eastern Illinois University, 1979 to 1981.

Graduate Assistant in Health and Safety Department at Indiana State University, 1978 to 1979.

HSD Training - Health education - area of specialization: public health education

Dissertation: Health lifestyle and psychosocial variables associated with participation in an occupational health program
MS Training - Health and safety education - area of specialization: safety education

Thesis: Traffic safety awareness course evaluation

RESEARCH ACTIVITIES

Research Focus

Worksite Health Promotion
Healthy Organizations
Evaluation of Behavioral Interventions

Books

DeJoy, D. M. & Wilson, M.G. (Eds.). (1995). *Critical issues in worksite health promotion*. Boston: Allyn & Bacon.

Wilson, M.G. (1989). Cholesterol reduction in a blue-collar population. Faculty Research Grant, Office of Vice President for Research, University of Georgia, \$2,500.

Wilson, M.G. (1989). Received support from the Associate Dean for Research, College of Education, for the input and analysis of data for the large cholesterol intervention study conducted in conjunction with Georgia-Pacific Corporation, \$2,500.

Wilson, M.G. (1988). Georgia-Pacific Corporation funded research to conduct evaluation of interventions designed to reduce high serum cholesterol levels of manufacturing populations, \$70,000.

Wilson, M.G. (1988). Improving health instruction through computers. Instructional Improvement Grant, Office of Instructional Development, University of Georgia, \$1,394.

Consultation and Collaboration

AT&T - evaluation of adherence to a behavior change program

Centers for Disease Control and Prevention, Atlanta, GA - evaluation of worksite cholesterol interventions and a worksite HIV/AIDS program

Commonwealth Edison, Chicago, IL - evaluation of medical department

Cummins Engine Company, Columbus, IN - evaluation of participation in behavior change programs

Dow Chemical Company - evaluation of an environmental obesity intervention

Georgia-Pacific Corporation, Atlanta, GA - evaluation of worksite cholesterol interventions

Home Depot - comprehensive evaluation of *Building Better Health* program, healthy work organization intervention effectiveness

Northwest Georgia Health Care System, Marietta, GA - evaluation of participation in behavior change programs

Methodist Medical Center, Peoria, IL - prevalence study of employee's health

New England Telephone, Boston, MA - evaluation of *Healthy NETWORKs!* health promotion program

Union City municipality, Union City, GA - healthy work organization intervention effectiveness
