Major: Health Promotion
Area of Emphasis: Health Services (B.S.H.P.)

The health services area of emphasis prepares students for graduate level work with an emphasis on disease prevention and wellness. Graduate work may include pre-physician’s assistant, pre-medical or pre-dental, or other professional health services programs.

Freshman and Sophomore years (58-60 hours) Courses that meet the General Education Curriculum Areas I through V may be found at: http://bulletin.uga.edu or http://www.curriculumsystems.uga.edu/ucc/GenEdCore.pdf. Please note that courses may not be used to satisfy more than one area of the general education curriculum including area VI.

I. Foundation Courses (9 hours)
- ENGL 1101 (3)
- ENGL 1102 or 1102M (3)
- MATH 1113 or 2200 or 2250 (3-4)

II. Sciences (7 hours)
- Physical Sciences (CHEM 1211/L preferred (3-4)
- Life Sciences (BIOL 1107/L preferred) (3-4)

III. Quantitative Reasoning (3 hours)
- (MATH or PHYS preferred) (3-4)

IV. World Languages and Culture, Humanities, and the Arts
- World Languages and Culture (9)
- Humanities and the Arts (3)

V. Social Sciences (9 hours)
- HIST 2111 or 2112 (preferred) (3)
- POLS 1101 (preferred) (3)
- PSYC 1101 (preferred) (3)

VI. Courses Related to the Program of Study (18 hours)
Please consult with an HPB advisor prior to completing area VI
(Grade of C or better)
- HPRB 1710 (3)
- CBIO 2200 (4)
- CBIO 2210 (4)
- BIOS 2010 (4)
- COMM 1100 (3)

Entrance requirements for the major may be found at http://www.publichealth.uga.edu/hpb/academics/bshp_application.html. This major is a high demand major and applications are accepted each fall and spring semester. Additional information may be found at bulletin.uga.edu/ under the Health Promotion major.

Junior and Senior years (60 hours). A grade of C or better is required for all major required and major elective courses.

Major Requirements (40 hours)
*Starred courses must be taken in sequence.
- PBHL 3100 Introduction to Public Health (3)
- BIOS 3000 Intermediate Biostatistics (3)
- HPAM 3600/E Introduction to Health Policy (3)
- HPRB 3850 Chronic Disease Prevention (3)
- HPRB 5010 Research Design and Methods (3)
- HPRB 5410W Professional Writing (3)
- EHSC 3060 Introduction to Environmental H. (3)
- EPID 4070 Fundamentals of Epidemiology (3)
- *HPRB 3020 Introduction to Health Promotion (3)
- *HPRB 3700 Community Health (3)
- *HPRB 4400 Health Prom. Program Dev. (4)

Complete either A or B (for 6 hours)
All students should complete option A.
Option B requires permission of department.
A. *HPRB 5560 Field Experience HPRB (300 hrs) (6) or
B. *HPRB 3480 Practicum in HP/HS (150 hrs) (3) and VPHY 3100 Elements of Physiology (3)

General Science Electives (8 hours of lower level sciences)
- CHEM 1212/L (4)
- CHEM 2211/L (4)
- CHEM 2212/L (4)
- BIOL 1108/L (4)
- PHYS 1212/L (4)
- MIBO 2500/L (3)

Major Electives (12 hours of upper level sciences)
Major electives should be chosen in consultation with your advisor. Choose three or four:

1. ____________________________
2. ____________________________
3. ____________________________
4. ____________________________
Major Electives for the Health Services Area of Emphasis:
Major electives should be chosen in consultation with your major advisor. Check pre-requisites as many courses have them. Some courses may require permission from the department offering the course

Entrance requirements for the major may be found at [http://www.publichealth.uga.edu/hpb/academics/bshp_application.html](http://www.publichealth.uga.edu/hpb/academics/bshp_application.html). This major is a high demand major and applications are accepted each fall and spring semester. Applications are to be completed and emailed to the college office (105 Rhodes Hall, Health Science Campus) by a firm deadline. Additional information and requirements for the BSHP degree may be found under the health promotion major at [http://bulletin.uga.edu](http://bulletin.uga.edu).

Please note that pre-requisites apply for many courses. Several required courses have pre-requisites and must be taken in sequence including HPRB 3700, HPRB 4400, and HPRB 5560/HPRB 3480. Additionally, many of the major electives have pre-requisites. Please see your advisor for proper course sequencing.

Study abroad courses may work as major electives. Talk to your advisor.

First Aid and CPR certification is required prior to registration for HPRB 5560 or HPRB 3480.

The proposal for HPRB 5560 must be completed by mid-point of the semester preceding the field experience. Field experience proposal materials will be made available after completion of an application for internship, which is submitted during advisement.

It is recommended that all HPRB students compile and maintain a portfolio documenting and exhibiting work or experiences gained throughout the undergraduate program.
